

A Benefit for the

Senior Charity Care Foundation

The Vision of the Senior Charity Care Foundation is to improve the quality of life for our elders in need residing in care facilities and senior apartments by addressing essential unmet support. Ultimately serving seniors who reside in the Intermountain West, our current focus is on serving residents in Davis, Salt Lake, Summit, Tooele, Utah, Wasatch and Weber Counties.

What is the Hope Benefit?

The Hope Benefit is our premier fundraising event to support the Senior Charity Care Foundation. The goal of the Hope Benefit is to raise \$75,000; bring awareness of the desperate needs of many low-income seniors; and to honor fellow community members or organizations that contribute significantly to the advancement of senior causes with our “Continuum of Caring” awards.

The Hope Benefit will be held at The I. J. Wagner and Jeanné Wagner Jewish Community Center in April 30, 2019. Guests will enjoy complimentary food, beverages, parking, good conversation and the opportunity to support seniors in need. Registration, reception, delicious hors d’oeuvres, beverage service and the silent auction begin at 5:30 p.m. with dessert, awards and the live auction beginning at 7:00 p.m. The program is scheduled to conclude at 9:30 p.m.

A Case Study:

The following is the story of one of the seniors served by the **Senior Charity Care Foundation**.

All too frequently, seniors who request assistance from the Senior Charity Care Foundation tell us they have put off basic needs such as dental care or hearing aids in order to pay their rent and purchase food. In making that choice, they face homelessness or severe health issues. Rae was no exception.

Rae came to us in 2015. Because of her health the Dentist could only extract two to three teeth at a time. It took many

months—nine appointments to get her ready to be fitted for dentures. At the time, SCCF did not provide dentures through the mobile dental clinic. We sent her to another provider. As you can see from her photos she is much healthier now and grateful for the services we provided. If Rae had visited a traditional dental office in our area, she would have had to pay more than \$5,000 for the services she received, making it impossible for her to get this essential care.

Our ability to serve Rae was made possible through the generous donations and sponsorships to the Senior Charity Care Foundation, including the Hope Benefit.

We met with Rae after she got her new dentures. Her smile is radiant, as you can see from the after photo. She is very grateful to the donors who contributed to the Senior Charity Care Foundation so that she could receive her dental care and her new teeth. As a result of the services provided, her infection is now gone and Rae is glad to report that she is now in good health!

Senior Charity Care Foundation is really changing the lives of seniors in our community!

100% of seniors surveyed following their experience with Senior Charity Care Foundation expressed satisfaction.

The need of our seniors for assistance in obtaining their essential health care is great and Senior Charity Care Foundation is ready to serve them but we are limited in our ability to serve by the resources and funding available. We need your support to continue this good work and to increase the number of seniors we can serve.

Thank you for supporting this vital community resource!
